

The luxury range that completes our Soft Touch collection

We're delighted to launch Veneto which sits neatly between our Aria and Spirito ranges. Veneto completes our Soft Touch collection that now offers quality at every price point.

With its luxurious feel and sophisticated finish, Veneto is the ideal carpet for new homes, room refreshes or just a treat for the feet – offering luxury at an affordable price.

Made from our quality 2-ply yarn, and available in both 4m and 5m widths, we're expecting Veneto to be in demand from day one. The range comes in 12 on-trend plain and heathered tones and features our exclusive Combi-bac® backing which reduces delamination, damage in transit and scuffing during installation.

Available for use with underfloor heating and with our industry-leading stain-proof warranty, Veneto fits seamlessly into our Soft Touch collection, offering your customers everything they need to complete a luxury-style home.

Featuring Combi-bac® - fault free backing

Veneto features our revolutionary soft backing, Combi-bac®, which brings a wealth of benefits to retailers, contractors, house-builders and consumers.

- No more delamination. Combi-bac®'s flexible nature means the risk of carpet separating from its backing is eradicated
- 6 times the yield of normal secondary backing
- Installation friendly backing which reduces the chance of scuffing
- Minimised likelihood of creasing during transit
