

## Carefree Twist – your new family favourite

We're delighted to launch Carefree Twist; a new range from our popular, affordable and family favourite twist collection. The launch of Carefree Twist means customers now have more choice when looking for a durable and hard-wearing, yet stylish and affordable range which is suitable for any room in the home.

Carefree Twist is tufted on tenth gauge machinery using a two-ply yarn for increased durability, meaning this carpet can take anything the family throws at it.

When life happens, Carefree Twist can cope. A busy household can mean accidents happen and heavy trafficked areas can begin to look discoloured. That's why this range benefits from 100% bleach cleanable fibres and a 10-year wear and stain warranty which protects against any stain except gloss paint.

We know our customers don't want to have to sacrifice style for durability, so we've ensured this family-friendly range comes in 15 on trend colourways in both plain and heather options.

## Featuring Combi-bac® - the future of carpet backing

Carefree Twist features our revolutionary soft backing, Combi-bac®, which is bringing a wealth of benefits to retailers, contractors and consumers.

- No more delamination. Combi-bac®'s flexible nature means the risk of carpet separating from its backing is eradicated
- 6 times the yield of normal secondary backing
- Install friendly backing which reduces the chance of scuffing
- Minimised likelihood of creasing during transit
