

Chiltern – your first-choice domestic carpet

An excellent, hard-wearing domestic carpet, Chiltern is our entry-level twist carpet made with a 2-ply yarn and 1/10th gauge construction. Customers value it for its reliability, quality and affordability. Using Furlong Flooring's exclusive Carefree fibres – which are fully bleach cleanable – the Chiltern range is stain resistant and easy to clean.

One of our larger ranges, Chiltern is available in 36 colours, including on-trend grey, natural stone heathers and warm, traditional shades.

It's an ideal choice for heavy duty areas such as hallways and landings, and is equally valued for living and sleeping areas.

Extra comfort, better fit

The Chiltern range comes complete with our formulated Action backing, which gives additional under-foot comfort and delivers a better fit, with almost no delamination and a neater finish.

Like everything at Furlong Flooring, we take fitting quality seriously – and we understand that it's a make-or-break factor in choosing carpet that needs to be fitted to a new build at the last minute, or where the carpet has to be fitted in a challenging environment.
