

Re-introducing

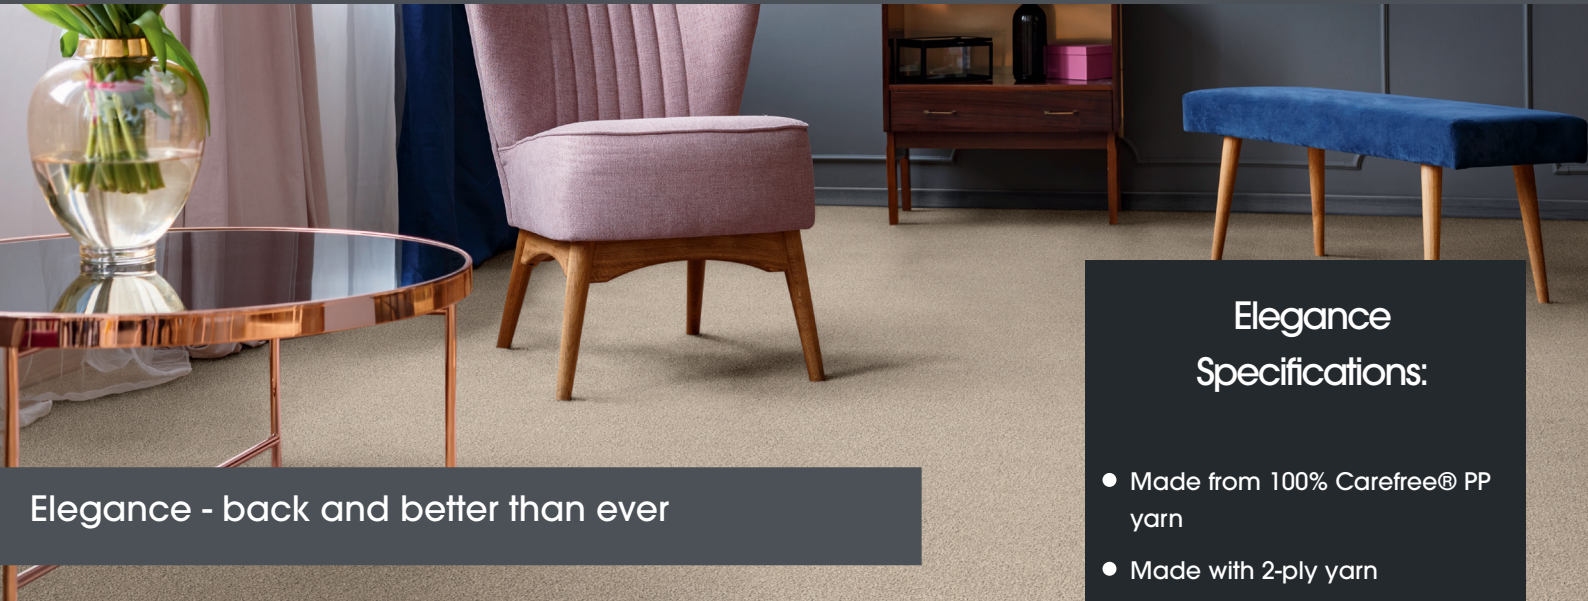

# Elegance

Our signature best selling twist

**Furlong Flooring**

First choice flooring for every room

## Elegance - back and better than ever

Elegance has long been our signature range, with its natural wool look combined with the practical benefits of stain and moth resistance.

It's the perfect choice for customers who desire a sophisticated and elegant carpet, which is affordable and hard-wearing.

Elegance completes a full overhaul of our twist collection. Re-introduced to the market with significantly enhanced features, it now comes at 180,000 tufts per square metre, an increase of more than 20,000, is 3oz heavier than its predecessor and offers a more pinpoint and refined finish as well as enhanced performance. The range also now features our award-winning Combi-bac® backing for stress free installation as standard.

Finally, our signature range comes with our industry leading 10-year warranty, protecting against all stains except gloss paint, and is available in 16 on-trend plain and heathered tones.

## Featuring Combi-bac® - fault free backing

Elegance features our revolutionary soft backing, Combi-bac®, which brings a wealth of benefits to retailers, contractors, house-builders and consumers.

- No more delamination. Combi-bac®'s flexible nature means the risk of carpet separating from its backing is eradicated
- 6 times the yield of normal secondary backing
- Installation friendly backing which reduces the chance of scuffing
- Minimised likelihood of creasing during transit
