

Eminence – the softer, silkier, Saxony

The Saxony market has been influenced by soft touch carpet in recent times, with consumer trends leading to the demand for more luxurious carpets.

Eminence gives a softer feel and silkier look and yet is constructed with performance fibres ensuring durability and bleach-cleanable characteristics.

Available in 12 on-trend colourways, the range not only meets the demand for premium carpet, but also matches the continued consumer desire for soft pastel tones.

Eminence also benefits from our 100% bleach cleanable guarantee. The range comes with the most comprehensive 10-year wear and stain warranty in the industry – protecting against absolutely any stain (other than gloss paint).

Featuring Combi-bac® – fault free backing

Eminence features our revolutionary soft backing, Combi-bac®, which is bringing a wealth of benefits to retailers, contractors, house-builders and consumers.

- No more delamination. Combi-bac®'s flexible nature means the risk of carpet separating from its backing is eradicated
- 6 times the yield of normal secondary backing
- Install friendly backing which reduces the chance of scuffing
- Minimised likelihood of creasing during transit
