

# Trident

## Furlong Flooring

First choice flooring for every room

### Trident – great quality, great choice

The market-leading Trident carpet range is everything that you would expect from a high-performance twist carpet. Manufactured with 2-ply yarn, the 1/10th gauge construction of this range delivers a hard wearing, problem-free carpet that will look great for years to come. This popular collection is the perfect solution for the home and can just as easily shine in commercial and communal areas. Our exclusive bleach-cleanable Carefree fibre is renowned for being easy to clean and stain resistant.

Trident delivers a fantastic choice of 36 colours that include a number of sophisticated plain tones alongside ever-popular and on-trend grey, beige and natural stone heathers plus a selection of more warm traditional shades. Whatever your taste, you can rely on Trident.

This range is one of our most popular, and is a cornerstone of our business. Why not join the thousands of customers that trust Trident?

### Extra comfort, better fit

The Trident range comes complete with our formulated Action backing, which gives additional under-foot comfort and delivers a better fit, with almost no delamination and a neater finish.

Like everything at Furlong Flooring, we take fitting quality seriously – and we understand that it's a make-or-break factor in choosing carpet that needs to be fitted to a new build at the last minute, or where the carpet has to be fitted in a challenging environment.
