

Vivace – beautiful carpet that transforms the home

Using our popular bleach-cleanable Carefree fibres, Vivace is designed and produced to meet the high expectations of today's customers. Both practical and luxurious, Vivace uses 2-ply yarn and 1/8th gauge construction to produce a beautifully soft carpet with a velvety feel and appearance.

Available in 14 contemporary shades, Vivace is a clear choice for bedrooms and living areas, adding warmth and style to any home. Complete with our Combi-bac® backing system, which helps to reduce delamination and makes the carpet easy to fit without damaging walls or skirting boards, this range is in high demand across our commercial and retail customer base.

Leading warranty

We want our carpets to last the distance, delighting customers with their practical, hard-wearing qualities and their great looks. That's why we offer a 10-year warranty on the complete Vivace range. Our proven Carefree fibre technology and our commitment to customer satisfaction means we can confidently offer our customers this industry leading warranty.

Our warranty covers owners against all stains, excluding only gloss paint. This is a significant step up from many other industry warranties, with most only covering food and drink stains and ignoring the magnitude of other stain possibilities, including mud and make-up.
